Frozen Cappuccino

A fresh coffee heart

Arthemia selected the best Coffee blends in a journey that brought it through the most exotic cultivations: Indonesia, India, Africa and South America. To re-invent an Italian Classic like “Cappuccino” in a recipe that joins an extraordinary freshness to the deep and smooth taste of the best espresso.

Frozen Cappuccino

A classy service that is also very suitable as a tasty dessert

For an even more exclusive Frozen Cappuccino experience Arthemia designed the Gourmet Service. Fresh and rich Coffee Cream served in the elegant crystal tulip glass.

Improve your business with take-away

To increase the consumption of Frozen Cappuccino, Arthemia gives you the practical glass cup and new 100% biodegradable straw, specifically designed for take-away.

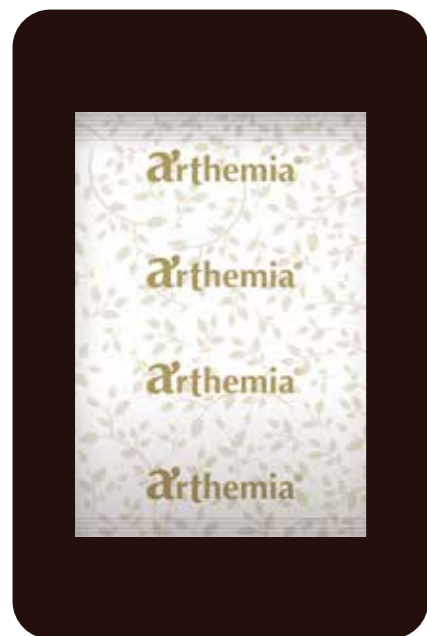

Frozen Cappuccino

With Arthemias taste becomes easy

A fresh pleasure for immediate use! Thanks to the Arthemias slush machine, compact and easy to use, and to the Cream Selection concept, the original creamy decorations and flavouring, it is very simple to prepare a fantastic Arthemias Frozen Cappuccino in a few steps.

1 Frozen Cappuccino mix in a bag of 625 gram. The product can be stored at room temperature. Shelf life minimum 24 months after production.

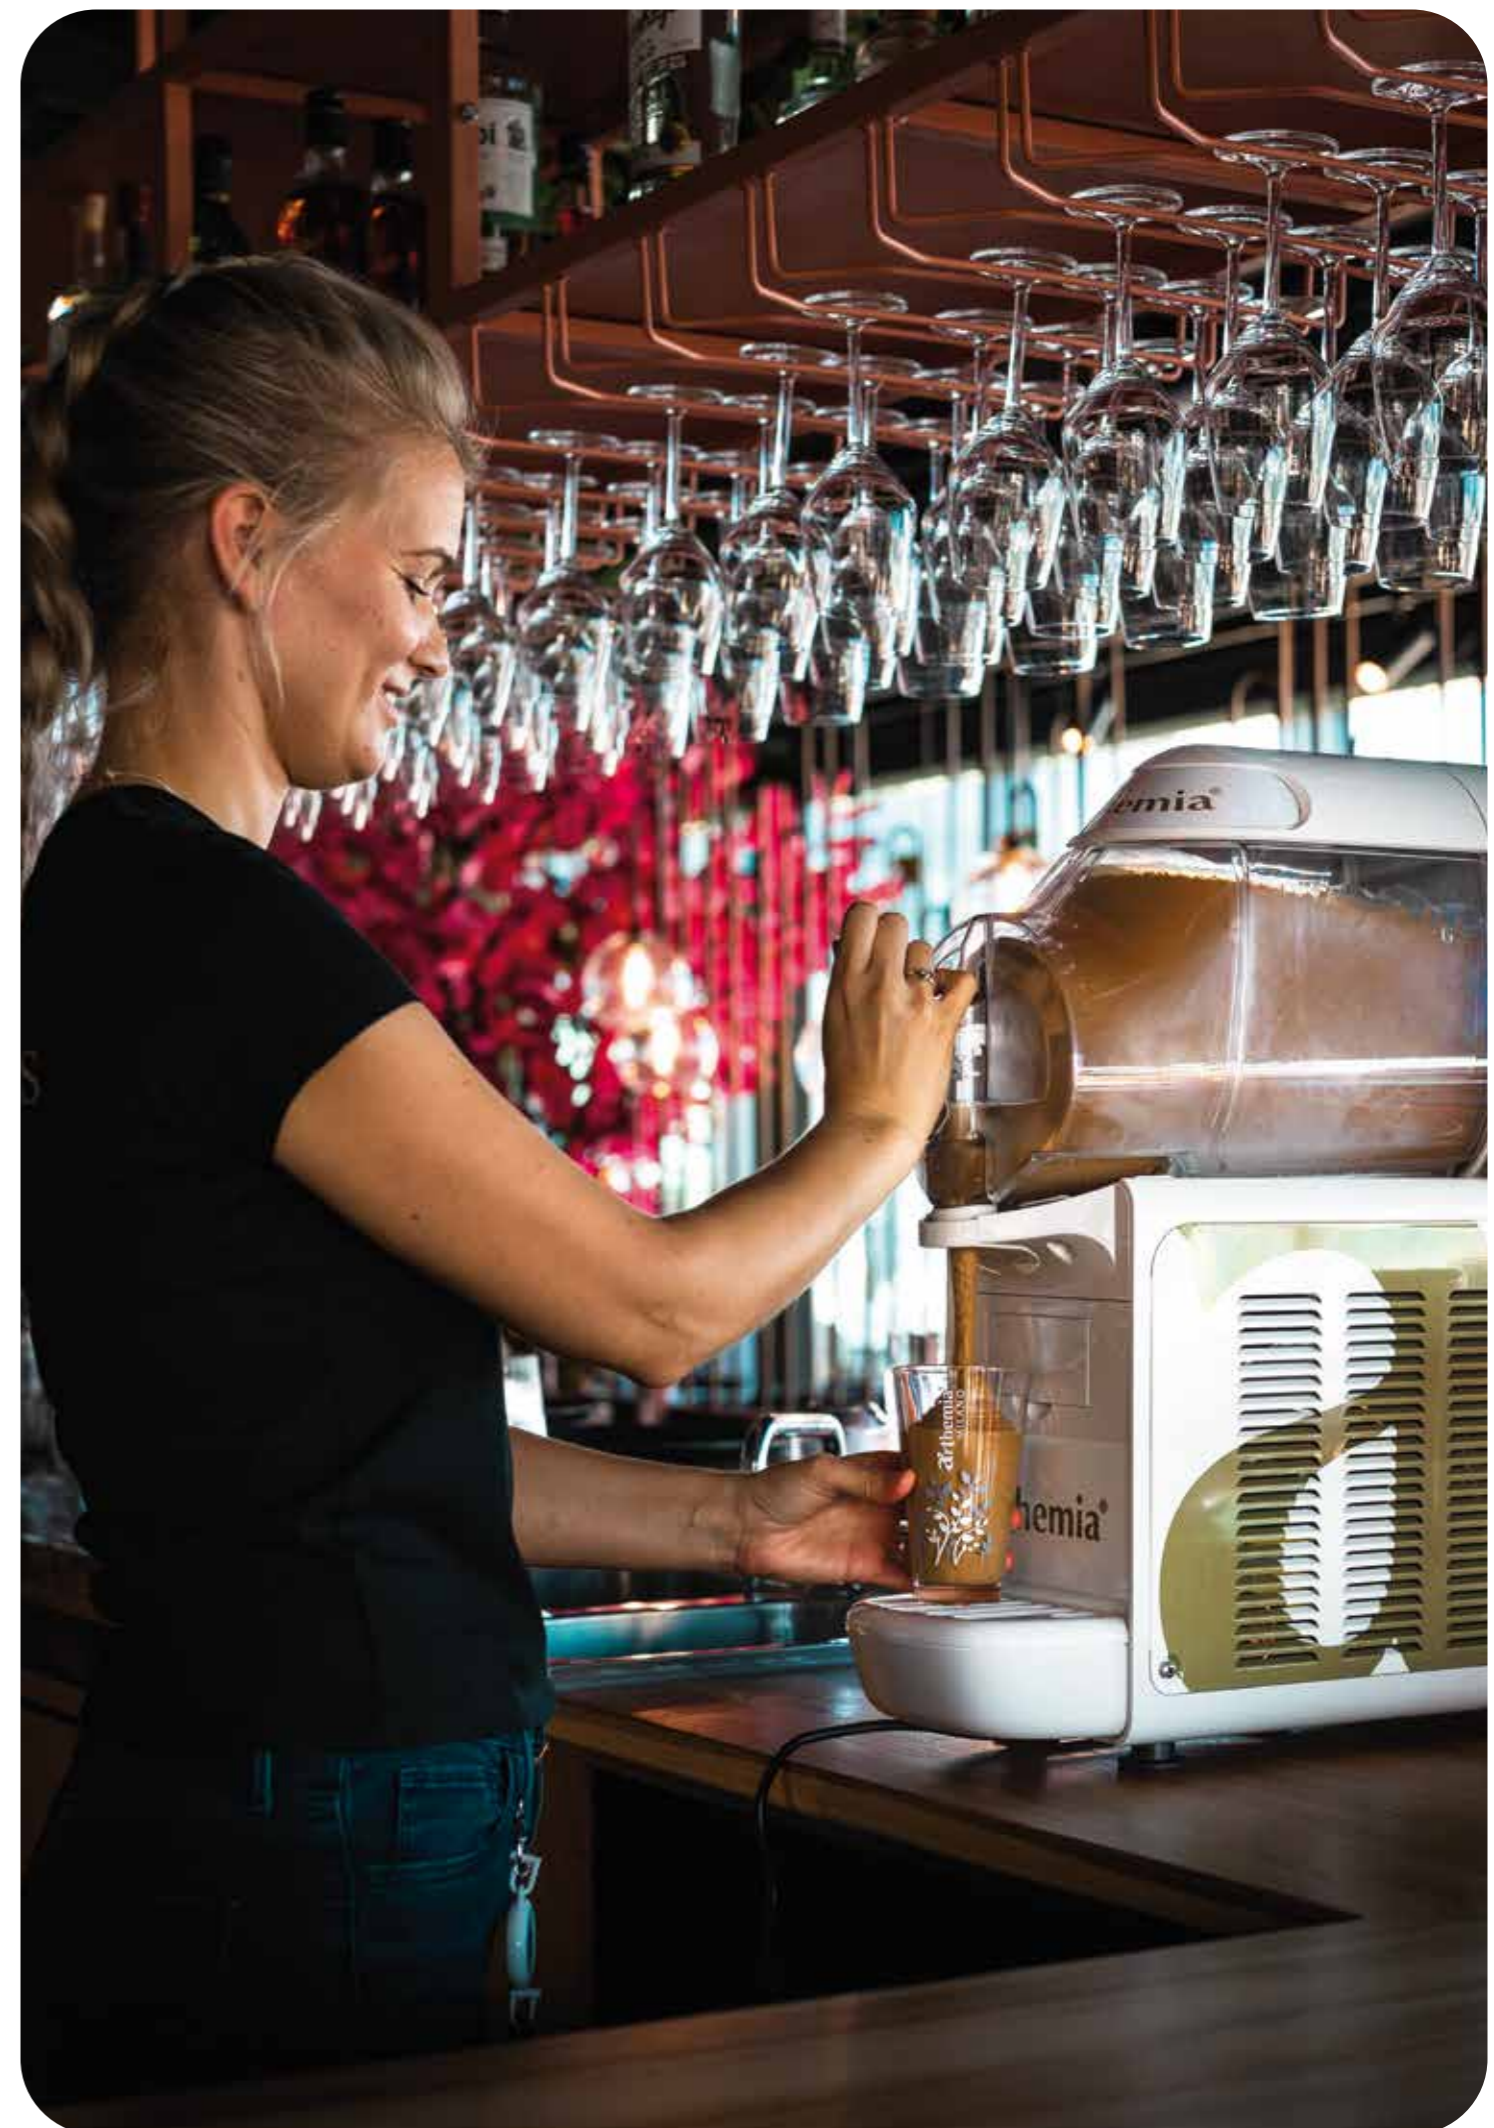

2 Use 2,5 litre full cream UHT milk and 0,5 litre filtered water and dissolve the content of the bag.

3 Pour the prepared Frozen Cappuccino in the machine and within 45 minutes the product will be ready to be served. (if prepared with cold milk and cold water).
